## District 4:

### **Randy Rothstein - Incumbent**

Randy Rothstein of Richmond is seeking re-election in District 4. Rothstein works in management and sales at StarCom LLC, which includes KASM and KDDG Radio. Rothstein has been a member of Stearns Electric for 27 years and has served on the Stearns Electric Board of Directors in District 4 for 12 years, the last six of which he served as president. He currently participates Stearns Electric's Cycled Air Conditioning and Stored Water Heating programs. Additionally, he holds a leadership role in the St. Joseph's Society Roscoe and is the past president of Richmond Civic and Commerce and served some time on the Munson Township planning board.

Rothstein believes the Stearns Electric Board should continue to help staff find ways to help members with energy conservation. He hopes members realize that the Cooperative has invested millions of dollars in the Stearns Electric power grid and understand that we need to care for that grid. In the long term, Rothstein believes that Stearns Electric must continue to keep our energy rates reasonable and continue growing the Cooperative's conservation program.
