

# PUT THE SUN TO WORK FOR YOU

## SOLAR RATE ANALYSIS

AVERAGE ANNUAL RETAIL RATE INCREASE	0%	1%	2%	3%	4%	5%
VALUE OF 20 YEARS OF OUTPUT	\$1,108	\$1,218	\$1,343	\$1,484	\$1,643	\$1,823

Purchasing panel output today can be viewed as a hedge against future rate increases. The value of 20 year output from a solar panel varies based on future rate increases.
