LIMITED TIME OFFER
Through November 29th, Stearns Electric Association is offering increased rebates up to $1300* when you install an air source heat pump with a plenum heater.

(*based on SEER level)
AN AIR SOURCE HEAT PUMP COMBINED WITH A PLENUM HEATER IS ONE OF THE MOST ENERGY EFFICIENT AND COST-EFFECTIVE HEATING SOLUTIONS FOR YOUR HOME.

This fall, as you prepare for the heating season, consider upgrading your air conditioner for comfort all year round.

WHY SHOULD YOU UPGRADE TO AN AIR SOURCE HEAT PUMP?
• 1/2 the energy use
• 1/2 price electricity
• Year-round operation
