**For complete details and to submit rebates visit stearnselectric.org/rebates.
For additional questions, contact Stearns Electric Association at (800) 962-0655.**

To qualify for EnergyWise® rebates, members must participate in the corresponding EnergyWise® program, when applicable. This may include installing a Stearns Electric Association load management device or enrolling in a peak demand control program. Program participation helps ensure efficient energy use across our system and supports long-term energy savings for all members. Please contact Stearns Electric for specific enrollment requirements tied to each rebate.

[^]Must have an electric water heater enrolled in either the Peak Shave or Storage Water program to qualify.
