Offer valid on new, qualifying ducted and ductless ASHP installations only. Ducted units must be enrolled on EnergyWise® Dual Fuel and Cycled Air Conditioning for the first time to qualify. Replacement units qualify for standard rebates only. Promotion valid May 1–August 31, 2026. EnergyWise® programs must be checked out by December 31, 2026. Limit one promotional offer per account. Promotional rebate cannot be combined with standard rebates. Additional qualifying devices receive standard rebates. Ductless rebate requests require a completed form, invoice and AHRI certificate. Ducted units must be installed by a Quality Install contractor. Free Marathon water heater offer requires Stored Water Program enrollment and checkout by December 31, 2026, otherwise, the member will be invoiced. ASHP and water heater must be installed in the same building and wired to the same load control device. See complete details at stearnsselectric.org/ASHP.
