

POWERED
— BY PURPOSE —

**BY THE
MEMBERS.
FOR THE
MEMBERS.**

**Celebrating National
Co-op Month**

WHAT MAKES A CO-OP DIFFERENT?

When you receive your electric bill, it might feel like Stearns Electric is simply your energy provider. But as a member, you're also an owner.

Stearns Electric was founded by local farmers in 1937 with a simple purpose: to bring electricity to the communities we call home. Today, that cooperative spirit continues.

You, the members, elect our Board of Directors to represent your interests and help guide the Cooperative. Our employees live and work in the communities we serve. Plus, programs like Operation Round Up®, My Co-op Cares and our energy-efficiency rebates help us make a difference beyond delivering electricity.

THAT'S THE COOPERATIVE DIFFERENCE.

We're here to provide safe, reliable and affordable energy, but our purpose goes far beyond the power lines.
